

StandUP

for Student Well-Being

literacy • arts • comedy

Program Outcomes

In a **One of A Kind** stand up comedy program, trained comedian coaches work as visiting artists to support youth with strategies for stress and anxiety. Youth enhance their arts and literacy skills by shaping their own stories.

- ★ Youth **write and perform** their own stories based on their own life experiences.
- ★ Youth **develop comedic skills** for ‘writing for performance’ and **confidence in public speaking**, using healthy humour.
- ★ Youth learn age-appropriate mental, social and emotional **well-being skills**.
- ★ Each curriculum-aligned program has a unique Playbook for **grades 4-6, 7-9 and 10-12**.

Flexible Program Options

One Day FunShop

- ★ An “in school field trip”
- ★ 1 or 2 Comedian Coaches
- ★ One class for a full day
- ★ Teachers learn alongside students

Six Session FunShop

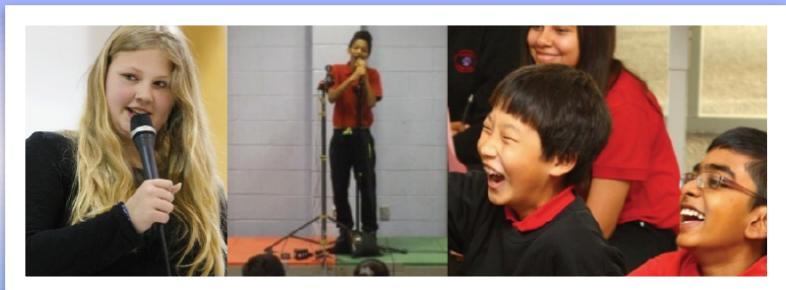

- ★ One hour per session over 4-6 weeks
- ★ 1 or 2 Comedian Coaches
- ★ Up to three classrooms per school
- ★ Coaches collaborate with teachers in assisting students to edit & perform
- ★ Culminating Showcase Finale

FunCamp

- ★ During school breaks and summer
- ★ Tailored to your needs - from one day to a week-long program

Flexible Program Options:

- Six Week FunShop + Comedy Showcase
- One Day FunShop
- Summer or March Break FunCamp

A) Six Week FunShop + Comedy Showcase

This option involves Comedian Coaches collaborating as “visiting artists” who take students through a jam-packed course on the positive outcomes of writing and performing stand-up comedy. It takes place over nine contact points in the project - six weeks (once a week for about an hour) with all of the students and then two visits for preparing a smaller group of students for the culminating Showcase, and then the day of the Showcase performance itself.

Essentially, the classroom is transformed into a writer’s room, a comedy club, and an open learning space.

The classroom teacher plays an organizer and observer role in the classroom but is not an active participant during the classroom visits. Teachers have a key connecting role to play between the classroom visits to keep the project moving.

Number of Classes or Groups Involved	1 Comedian Coach (max. 9 students)	recommended model 2 Comedian Coaches (max. 30 students / group)
One group	\$1400	\$2000
Two groups	\$1700	\$2500
Three groups	\$2000	\$3000

- Schools are required to print copies of the **Student Playbook** for each student (digital copy provided free of charge) or purchase copies at a price of \$2.00 each (shipping extra).
- We are flexible and can work with you to plan other timeframes that suit your school

B) One Day FunShop

This model is designed with smaller schools in mind and schools who cannot commit the time to the Six Week FunShop program.

The One Day Comedy FunShop introduces specific components and skills from the **Six Week Program** condensed into one jam-packed day, over about six hours. Think of it as a field trip inside the classroom involving stand-up comedians coaches collaborating as “visiting artists” who spend an entire day with the class.

1 Comedian Coach (max 9 students)	2 Comedian Coaches (max 30 students)
\$800	\$1000

- Schools are also required to print copies of the consumable **Student Playbook** for each student (digital copy provided free of charge) or purchase copies at a price of \$2.00 each (shipping extra).
- We are flexible and can work with you to plan other timeframes that suit your school

C) Summer or March Break FunCamp

Three week-long Summer FunCamps were offered during the day in 2019 in Toronto and Port Hope. Plans are underway for 2020. Stay tuned for more details.
